

Marcus Chen

Senior Cybersecurity Engineer

marcus.chen@protonmail.com | San Francisco, CA | [linkedin.com/in/marcuschen-security](https://www.linkedin.com/in/marcuschen-security)

EXECUTIVE SUMMARY

Senior Cybersecurity Engineer with 5+ years protecting enterprise infrastructure across financial services and SaaS environments. Deep hands-on experience in SIEM strategy and tuning, penetration testing across web apps and APIs, Zero Trust architecture, and end-to-end incident response with digital forensics. CompTIA Security+, CySA+, and CEH certified. Cut mean time to detect (MTTD) by 40% through custom MITRE ATT&CK-aligned; detection rules.

PROFESSIONAL EXPERIENCE

Senior Cybersecurity Engineer

Mar 2021 – Present

Apex Financial Technologies

- Architect and own the SIEM platform (Splunk Enterprise Security), ingesting 2B+ events/day across 400 endpoints
- Built 35 custom detection rules mapped to MITRE ATT&CK, reducing false positive rate by 28%
- Lead penetration testing engagements against internal web apps and APIs using Burp Suite and Metasploit
- Own P1 incident response end-to-end: containment, digital forensics, root cause analysis, and post-mortem reporting

Cybersecurity Analyst II

Jun 2019 – Feb 2021

ClearEdge Networks

- Staffed 24/7 SOC alert monitoring rotation, triaging and escalating incidents per established runbooks
- Tuned IDS/IPS rules (Snort, Suricata) to reduce alert noise by 35% without increasing dwell time

CORE COMPETENCIES

Splunk Enterprise Security • Microsoft Sentinel • Penetration Testing • MITRE ATT&CK; • Python / Bash / PowerShell • Incident Response • Zero Trust Architecture • SOC 2 / ISO 27001 / PCI-DSS

EDUCATION

University of California, Davis

B.S. Computer Science

2018

CERTIFICATIONS

CompTIA Security+ (SY0-701)

Certified Ethical Hacker (CEH v12)

CompTIA CySA+
